

DDN Environmental Policy

DDN is committed to providing a safe and healthy workplace for our employees, minimizing our potential impact on environment and conserving energy and natural resources in accordance with the global principals of Environmental Management Systems.

Corporate Policy Objectives

- Provide a safe and healthful workplace and ensure that personnel are properly trained and have appropriate safety and emergency equipment.
- Be an environmentally responsible neighbor in the communities where we operate, and act promptly and responsibly to correct incidents or conditions that endanger health, safety, or the environment. Report them to authorities promptly and inform affected parties as appropriate.
- Conserve natural resources by reusing and recycling materials, purchasing recycled materials, and using recyclable packaging and other materials.
- Use development and manufacturing processes that do not adversely affect the environment, including developing and improving operations and technologies to minimize waste, prevent air, water, and other pollution, minimize health and safety risks, and dispose of waste safely and responsibly.
- Ensure the responsible use of energy throughout our business, including conserving energy, and improving energy efficiency
- Meet or exceed all applicable government requirements and voluntary requirements to which DDN subscribes.

Every employee and every contractor on DDN premises is expected to follow this policy and to report any environmental, health, or safety concern to DDN management. Managers are expected to take prompt action.

If you have any questions, please feel free to reach out to us at 'ddnsrc@ddn.com'

Brian M. Fukumoto
