

DDN Waste Management & Recycling Workflow - Corporate

NOTES:

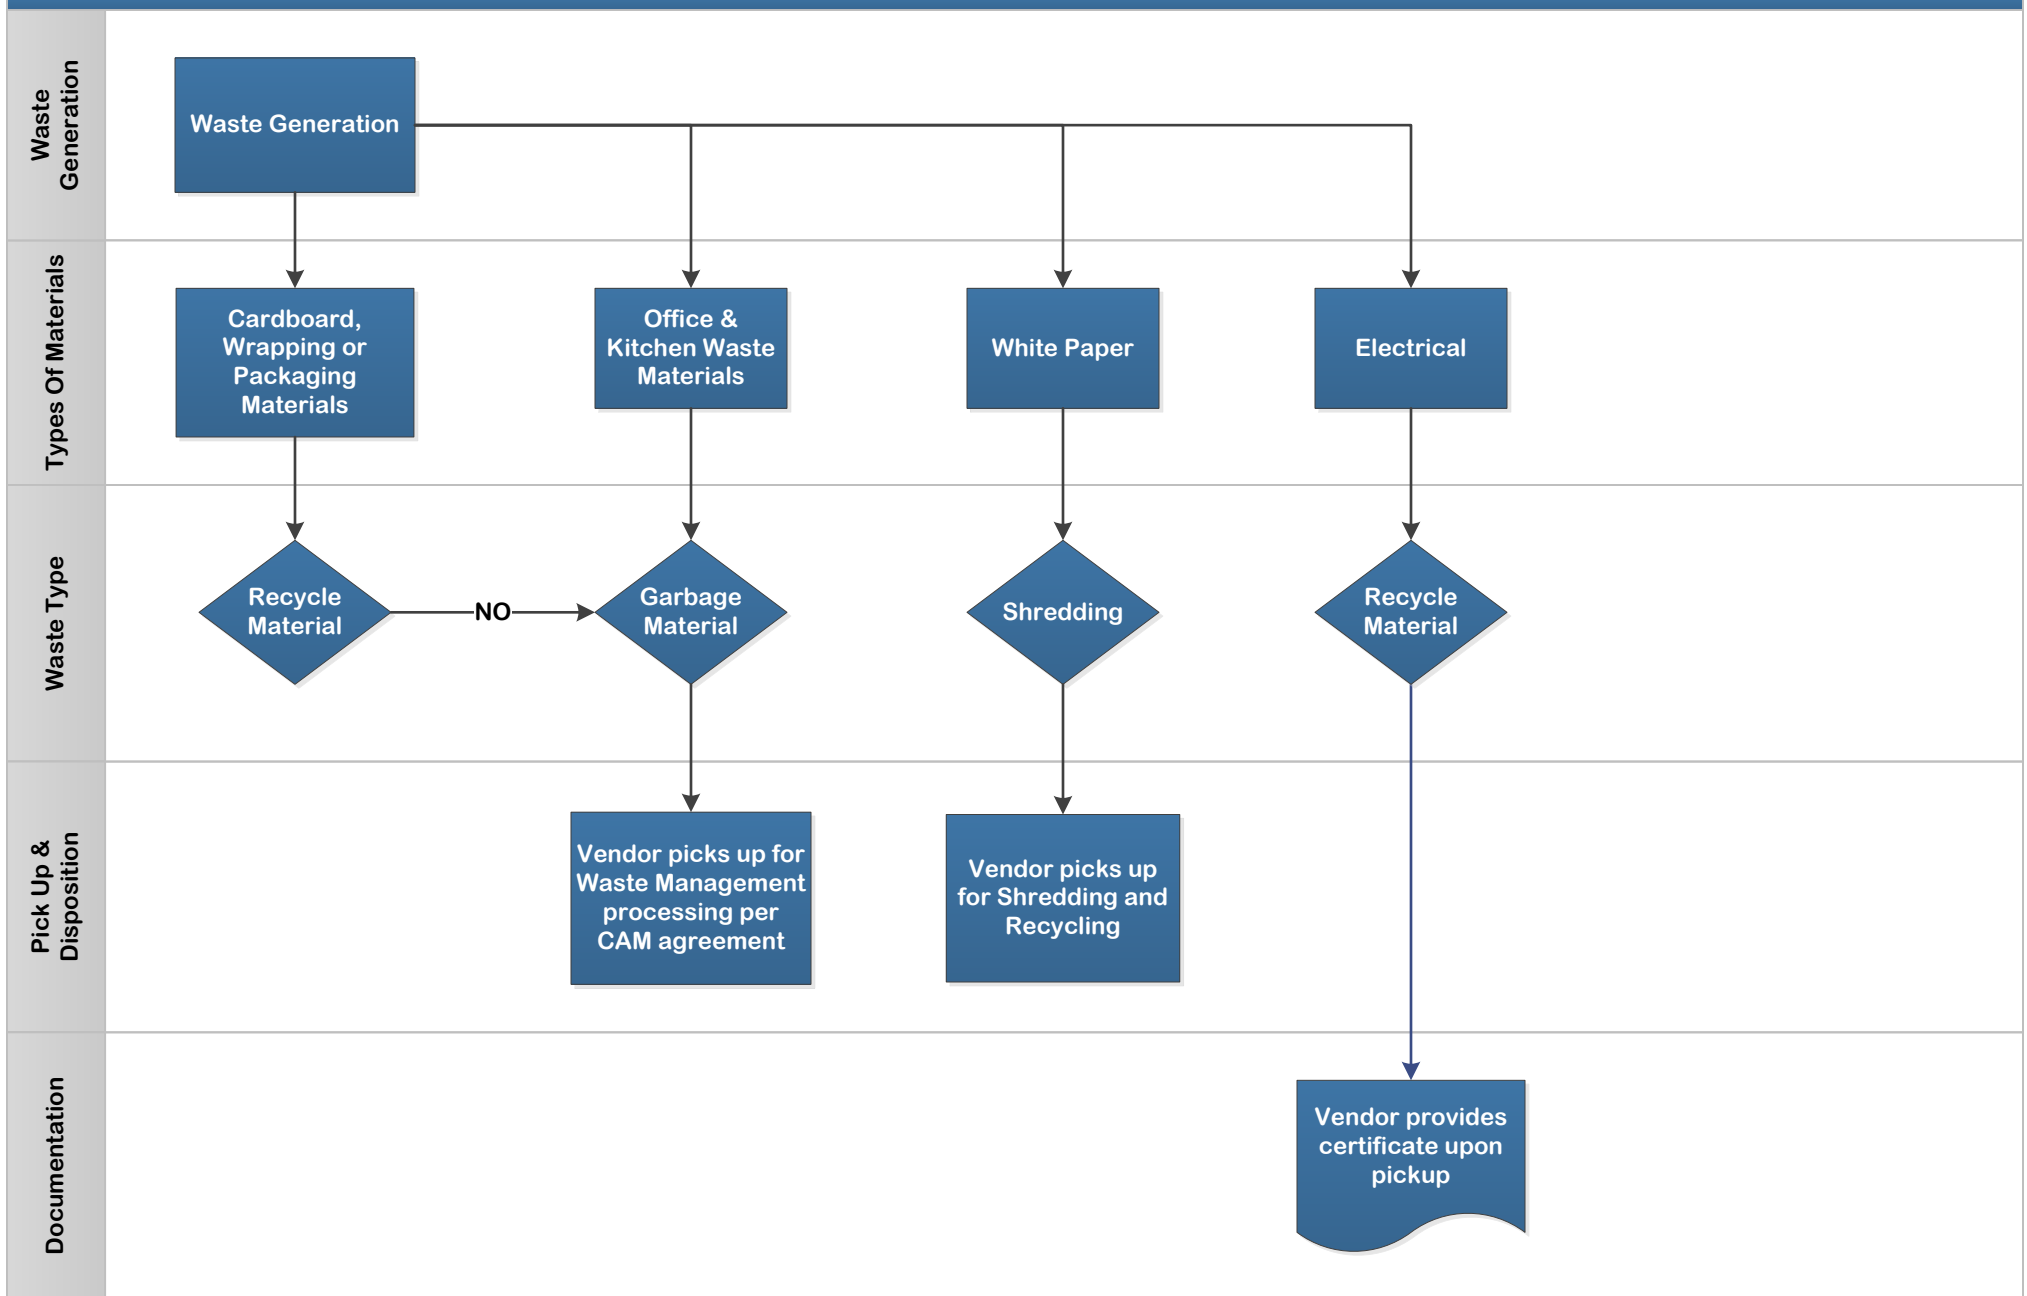

- This workflow shows the Corporate Level Waste Management and Recycling process, but every facility manages the process in different ways. See following slides for each facility
- In Santa Clara, Colorado, Maryland the waste management is performed by the landlords' vendors per the CAM agreements
- Paper recycling is performed by locally contracted DDN vendors for respective facilities
- Chatsworth – Has contracted with several vendors to perform various waste management activities

DDN Waste Management & Recycling Workflow - Chatsworth

- NOTES:**
- ♦ **Valley Recycling** - Recycling of Corrugated cardboard
 - ♦ **San Fernando Valley Pallet Company** – Recycles pallets
 - ♦ **GB Woodcock** – Foam Materials
 - ♦ **Stock Point Electronics** – Recycle electronic materials per R2/ISO14001 standards

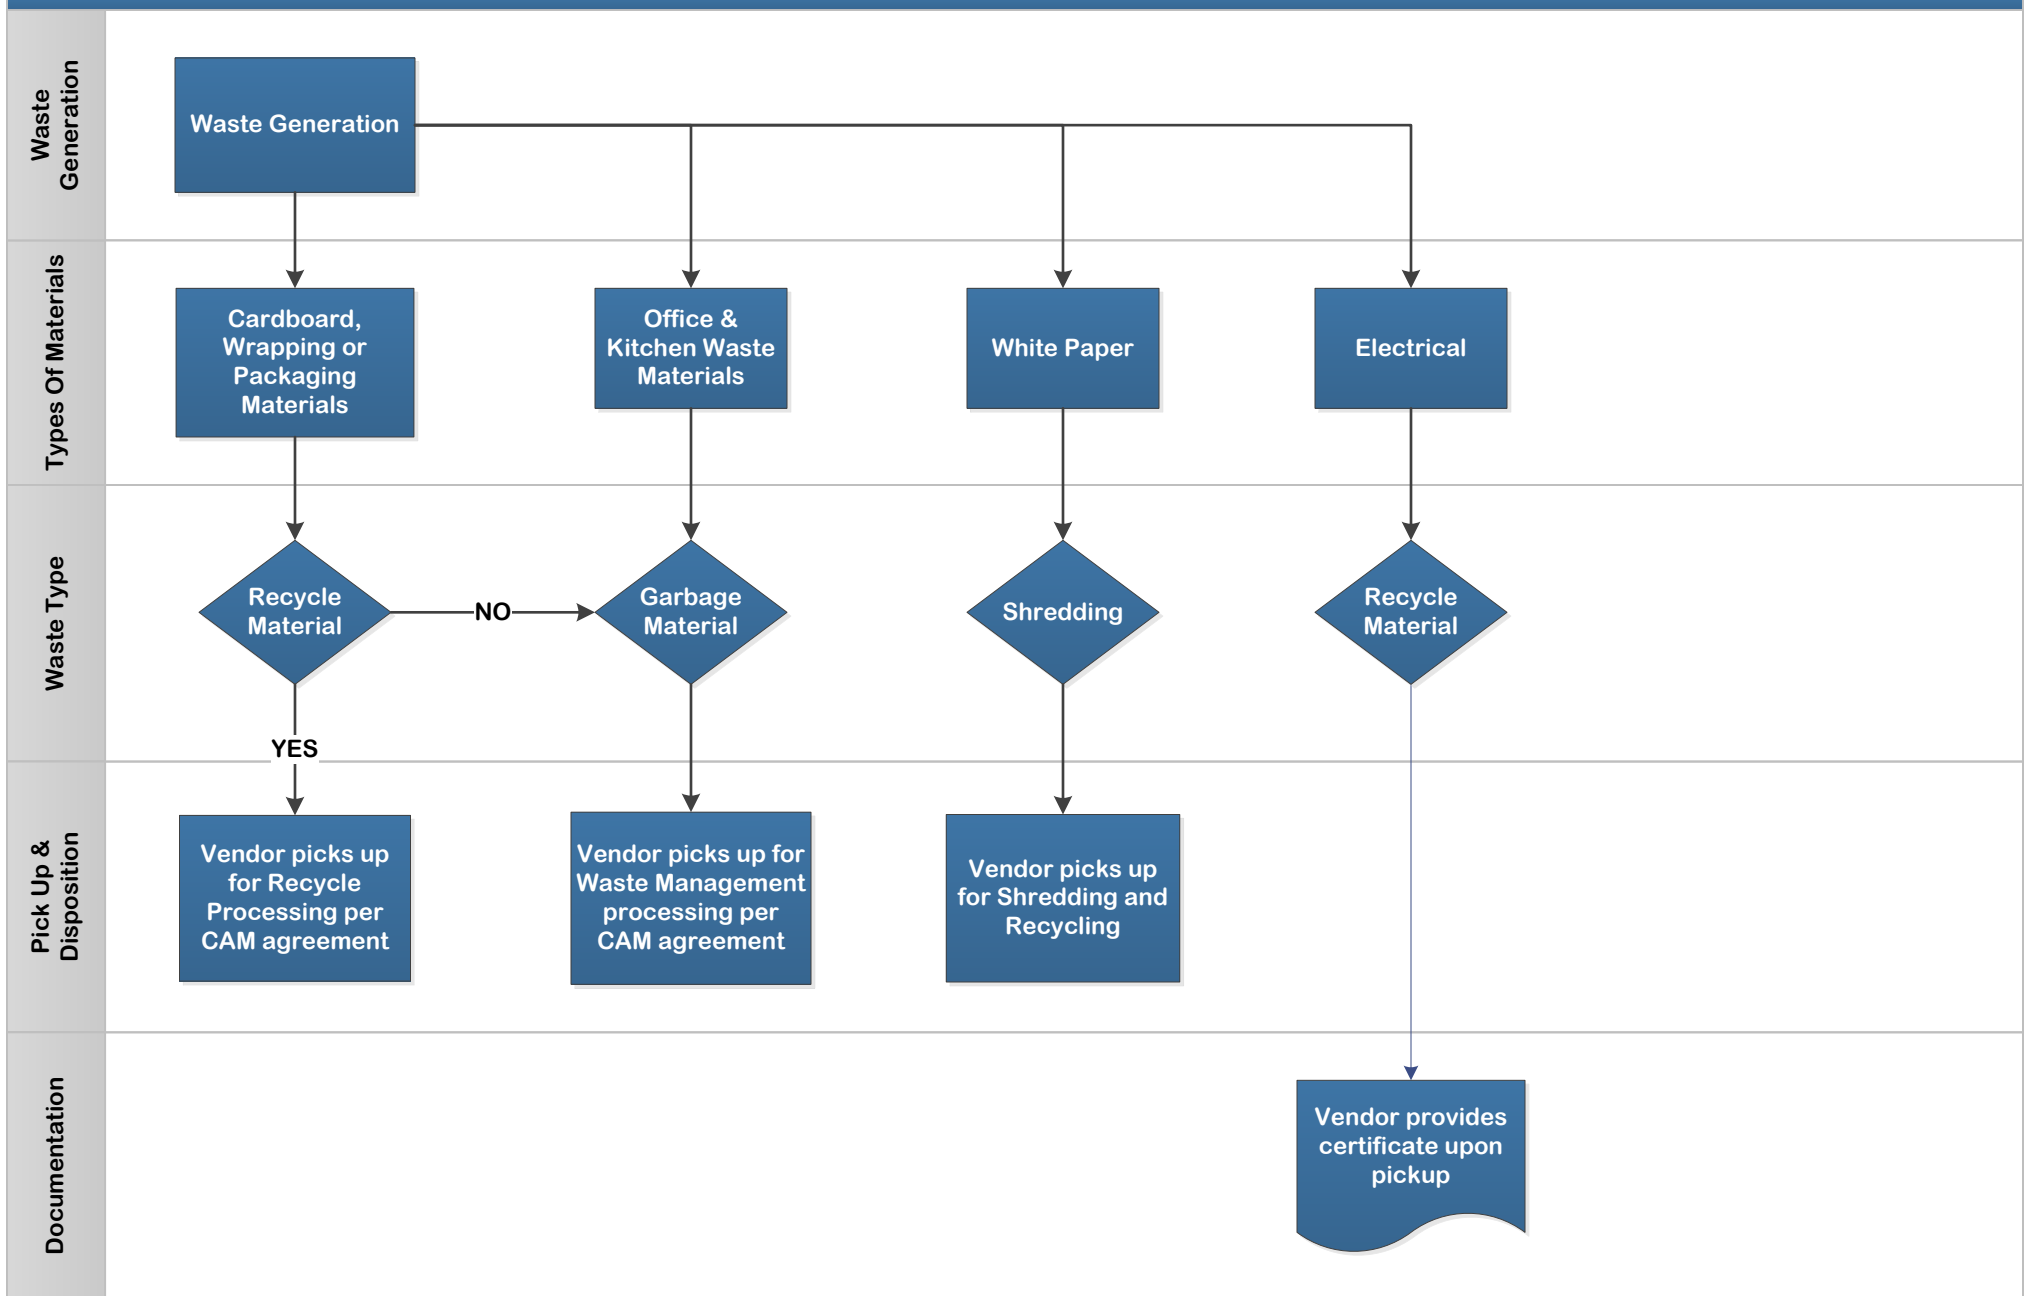

DDN Waste Management & Recycling Workflow – Colorado

NOTES:

- ♦ In Colorado, the waste management is performed by landlord's vendors per the CAM agreements
- ♦ Cans and bottles are collected and then taken to recycler. Proceeds go to snacks in office
- ♦ Paper recycling is performed by locally contracted DDN vendors for respective facilities
