

## DDN WEEE and RoHS Compliance

Sep 4th, 2014

DataDirect Networks is committed to meeting all applicable requirements of the **EU WEEE** (European Union's Waste Electrical and Electronic Equipment) and **RoHS** (Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment) Directives. These directives require strategies for waste management and product design for the environment for electrical and electronic equipment sold into EU countries.

The WEEE directive requires that manufacturers of electrical and electronic equipment who sell into EU countries: (1) label their equipment to notify customers that it needs to be recycled, and (2) ensure that their products are appropriately disposed of or recycled at the end of their lifespan. For collection and return of DDN products, please contact your local DDN representative or distribution partner.

If you have any questions, please feel free to reach out to us at '[ddnsrc@ddn.com](mailto:ddnsrc@ddn.com)'.

**Brian Fukumoto**

VP, WW Supply Chain & Operations
