

**End-of-Life / End-of-Service-Life Announcement**

**2/28/2018**

**This notice serves as an End-of-Life and End-of-Service-Life announcement for the following products:**

**WOS S3/Swift Embedded Solutions**

**The affected part numbers are:**

W7K-HDS3-240	WOS7000 (4U-60 drive) enclosure with embedded S3/Swift & WOS native API contains 2 WOS nodes, 240TB raw capacity, 4TB SAS drives, 2x10Gb/s SFP+ copper network ports. Optical transceivers not included.
W7K-HDS3-360	WOS7000 (4U-60 drive) enclosure with embedded S3/Swift & WOS native API contains 2 WOS nodes, 360TB raw capacity, 6TB SAS drives, 2x10Gb/s SFP+ copper network ports. Optical transceivers not included.
W7K-HDS3-480S	WOS7000 (4U-60 drive) enclosure with embedded S3/Swift & WOS native API contains 2 WOS nodes, 480TB raw capacity, 8TB SAS drives, 2x10Gb/s SFP+ copper network ports. Optical transceivers not included.
W7K-HDS3-600	WOS7000 (4U-60 drive) enclosure with embedded S3/Swift & WOS native API contains 2 WOS nodes, 600TB raw capacity, 10TB SAS drives, 2x10Gb/s SFP+ copper network ports. Optical transceivers not included.
WOS-8460E-336	WOS8460 (5U-84 drive), single node, 336TB raw capacity, 4TB SAS Drives, 2 x QSFP/40GbE network ports, for WOS APIs and S3. Requires separate S3 software.
WOS-8460E-504	WOS8460 (5U-84 drive), single node, 504TB raw capacity. 6TB SAS Drives, 2 x QSFP/40GbE network ports, for WOS APIs and S3. Requires separate S3 software.
WOS-8460E-672	WOS8460 (5U-84 drive), single node, 672TB raw capacity. 8TB SAS Drives, 2 x QSFP/40GbE network ports, for WOS APIs and S3. Requires separate S3 software
WOS-8460E-840	WOS8460 (5U-84 drive), single node, 840TB raw capacity. 10TB SAS Drives, 2 x QSFP/40GbE network ports, for WOS APIs and S3. Requires separate S3 software.

**Recommended Transitions:**

**Non-embedded WOS S3 alternatives**

**Key Dates:**

<b>EOL (End of Life):</b>	<b>2/28/2018</b>
<b>EOSL (End-of-Service-Life):</b>	<b>2/28/2023</b>

**EOL (End-of-Life)** is the last date orders will be accepted for a product for delivery no more than 3 months after the EOL date.

**EOSL (End of Service Life)** is the last date DDN will provide support and RMA processing on the product. When possible, the EOSL date will be 5 years after EOL.

DDN will support EOL product based on the Support Services Terms and Conditions that are in force when the support or renewal of support is purchased.

DDN will endeavor to support SW and FW (the feature set that exists as of the EOL date) with bug fixes until the EOSL date.

DDN may offer maintenance on products until the EOSL date with charges pro-rated if necessary so that maintenance ends no later than the EOSL date. DDN may provide a warranty option for RMA service after EOSL solely at the discretion of DDN
